

ELIT FS32

Insulated flexible distance clamp, max. 32 mm

Technical description

Flexibar mounting and support. For maximum width of 32 mm.
Ensures correct support for Flexibar in parallel without damaging the insulation. Ensures proper space for optimal cooling. 4 pcs Flexibar in parallel is the maximum. Halogen-free polyamide reinforced with fiberglass. Self-extinguishing according to UL 94 HB. Operating temperature from -40 °C up to +130 °C.

Advantages:

- Easy to install
- In accordance with RoHS
- Provides support for insulated flexible wires and insulated braided conductors without damaging the insulation
- Ensures the correct distance for optimal cooling
- Supports up to four conductors in parallel
- The spacers are halogen-free
