

ELIT UD-400112CU

ELIT distribution block UD400112CU

Technical description

Single-pole distribution block. Visible confirmation of the cable connection through a transparent cover. The cover can be removed or tilted out. Halogen-free. Touch protection: IP20. Modular. Self-extinguishing plastic. Tinned copper block. Electrical connection between one or more blocks via cable or rail. For mounting on DIN rail or screwed down through mounting brackets. Made according to IEC 60947-7-1.

Advantages:

Tinned copper or aluminum block allows direct connection of copper or aluminum conductors, or using a sleeve. The screw terminal cover is hinged and removable. The design allows for visual inspection of the conductor and confirmation of connection. Modular click blocks for building multi-pole power blocks. Easily clips onto DIN rail or mounts on panel with screws. 95% filling degree. RoHS compliant. Complies with EN 45545 and receives an HL3 classification for chapter R23 and HL2 classification for chapter R22. Halogen-free.

Product name/ Art.nr/ GTIN	ELIT UD-400112CU/ 20400071/ 7070811207922
According to:	---
Height	96 Millimetre
Width	56 Millimetre
Depth	50 Millimetre
Max. rated current	400 Ampere
Number of poles	12
