

# ELIT BKG4MSS

Stainless steel 316 wire guyline set 4 meters for Guardian

## Technical description

Designed to provide additional stabilization/securing of the mast arrangement from the inline connector only. Length: 4 meters. Diameter: 3,2 mm. Tensile strength: 450 kg.

## Advantages:

Stainless steel, grade 316  
Length: 4 meters  
Tensile strength: 450 kg

Product name/ Art.nr/ GTIN	ELIT BKG4MSS/ 40150151/ 7070810033966
According to:	---
Type of accessory/spare part	Stay wire fastener
Accessory	Yes
Spare part	Yes
Material	Steel
Surface protection	Other
UV resistant	Yes
Max. load	450 Kilogram
Diameter	3,2 Millimetre
Length	4000 Millimetre
