

# ELIT BKG7MT

Guiding set non-conductive moisture resistant 7 meters for Guardian

## Technical description

Non-conductive guy rope set in DYNEEMA® fiber. Suitable for Guardian lightning protection system. The specially designed guy rope sets are constructed for anchoring from a guy rope ring or an inline connector. Length: 7 meters. Diameter: 4 mm. Tensile strength: 560 kg.

## Advantages:

Non-conductive  
Length: 7 meters  
Tensile strength: 560 kg

Product name/ Art.nr/ GTIN	ELIT BKG7MT/ 40150153/ 7070810033980
According to:	---
Type of accessory/spare part	Stay wire fastener
Accessory	Yes
Spare part	Yes
Material	Composite material
Surface protection	Other
UV resistant	Yes
Max. load	560 Kilogram
Diameter	4 Millimetre
Length	7000 Millimetre
Insulator	Yes
