## Wall-mounted mast Guardian 12m Ø80mm

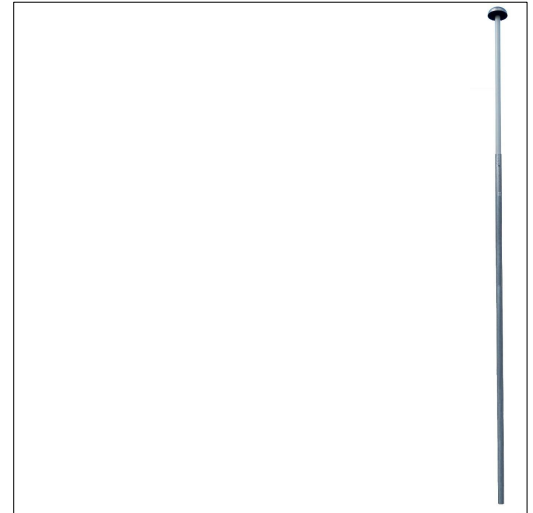

Wall-mounted mast Guardian 12m Ø80mm Aluminum

### Technical description

12.0 m aluminum pole (Ø80 mm) for wall mounting with 1.8 m insulating tube (Ø67 mm) in fiberglass for internal cable routing.  
Transport length: 6.0 m.  
System weight: 68 kg  
(Wall brackets/fixtures purchased separately)

### Advantages:

Custom wall-mounted mast for Guardian system  
Inside cable placement in insulation  
GRP pipe has low weight with high mechanical strength  
GRP pipe has high resistance to corrosion

Product name/ Art.nr/ GTIN	ELIT VEGG-MAST-GUARD-80MM-12M-ALU/ 40150228/ 7070810038923
According to:	RoHS2 (Directive 2011/65/EU) and REACH (Regulation (EC) No. 1907/2006)
Length	12000 Millimetre
Diameter	80 - 67 Millimetre
Model	Interception rod
Material	Aluminium/stainless steel 304 (V2A)
Surface protection	Other
Connection	Round conductor
High-voltage-proof insulated model	Yes
