

ELIT

Concrete base 12kg 300x300x60mm

Concrete foundation, frost-proof, 12.0 kg, 60 x 300 x 300 mm

Technical description

Concrete foundation 60 x 300 x 300 mm.

Weight: 12 kg.

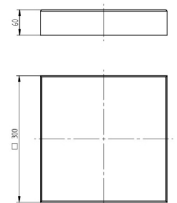

Material: frost-resistant concrete

A support plate for concrete foundations is required on synthetic roofing membranes.

Advantages:

Frost-proof concrete foundation, 60 x 300 x 300 mm

Manufactured according to EN 62561-2

Product name/ Art.nr/ GTIN	ELIT BETONG-12KG-300X300/ 40150242/ 7070810040667
According to:	EN 62561-2
Model	Fundament
Lightning conductor insertion	Screwless
Material	Concrete
Surface protection	Other
Diameter	300 Millimetre
Weight	12 Kilogram
