

ELIT TC-EC-2530-50

Copper tape - 25x3mm - 50 meter roll

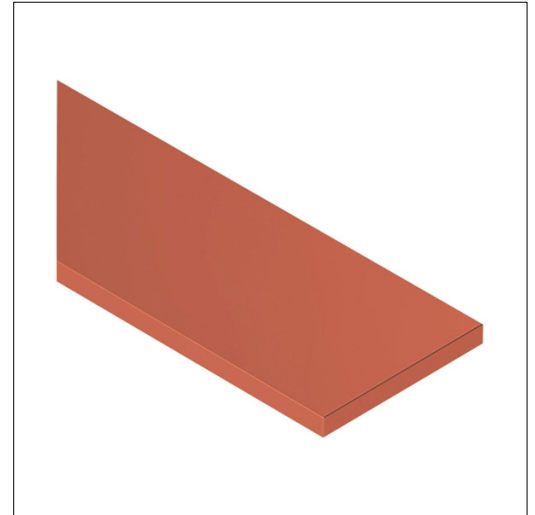

Technical description

Leader for the execution of mesh nets on roofs and for use as a down conductor in conventional lightning protection. $\varnothing 8\text{mm}$ corresponds to 50 mm^2 . Most fittings and connectors from ELIT's range fit this leader.

Comes in a roll of 50 meters.

Advantages:

Lower impedance than round conductors of equivalent size
Used for diverters in surge protection systems or grounding applications
