HVC-85 mounting clamp Ø28mm

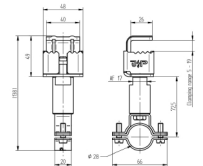

HVC mounting clamp 5-19 mm, heavy-duty type, made of stainless steel, for attaching HVC conductors

Technical description

Terminal clamp (heavy duty type), in stainless steel, for mounting on steel structures or railings, with conductor holder for HVC-85 conductor.
 Clamp material: stainless steel
 Clamping range: 5-19 mm
 Spacer material: aluminum
 Conductor holder material: stainless steel
 Conductor holder diameter: Ø 28 mm

Advantages:

Extra strong stainless steel mounting clamp
 Designed for mounting HVC conductors on steel structures
 Clamping range: 5 - 19 mm
 Manufactured in accordance with EN 62561-4

Product name/ Art.nr/ GTIN	ELIT HVC85-KLEMM-V2A-Ø28MM/ 40170092/ 7070810040537
According to:	EN 62561-4
Material conductor holder	Stainless steel 304 (V2A)
Length	138 Millimetre
Insulating section	72,5 Millimetre
Suitable for diameter round conductor	28 - 28 Millimetre
