Inline mast coupling in cast aluminum

Inline connection to mast for mounting fiberglass mast next to aluminum mast

Technical description

Inline connection to mast, made of cast aluminum (Al). Connects fiberglass masts to other masts or air-terminations. The inline connection provides 3 anchor points for guylines and an outlet for HVSC Plus cable. Min. diameter: 60mm Max. diameter: 70mm Weight: 2.70kg. Extended height to mast: 200mm. Max. clamping torque: 55 kg/cm.

Advantages:

- Inline connector in cast aluminum
- Connects fiberglass mast to other masts/interceptors
- Provides attachment points for guylines
- Outlet for HVSC Plus cable

Product name/ Art.nr/ GTIN	ELIT INLINE-MASTKOPLING/ 40150003/ 7070810001866
According to:	The product is manufactured in accordance with the latest version of the RoHS Directive 2011/65/EU and its amendment 2015/863/EU.
Length	470 Millimetre
Diameter	60 - 70 Millimetre
Model	Other
Material	Aluminium
Surface protection	Untreated
Connection	Round conductor
