ELIT OFM4500-2500SS
Lightning arrester freestanding V2A-Al
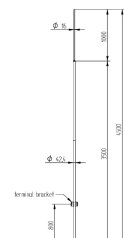

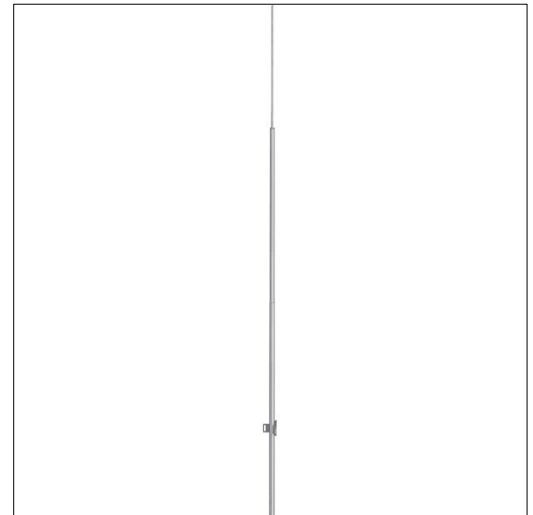

Air-termination rod V2A-Aluminium Ø42-16mm 4.5m

Technical description

Air-termination pole in stainless steel (V2A) with an aluminum air-termination tip. Comes in two parts and plugs into each other with a screw connection. The air-termination tip has a length of 1.0 meter. The air-termination pole has a total length of 4.5 meters and weighs 9.9 kg. The diameter of the rod is Ø42/36 mm, while the diameter of the air-termination tip is Ø16 mm. The pole can be mounted on a foot (e.g. concrete foundation / base) or mounted on the wall with a wall mount if desired.

Advantages:

Air-termination pole made of stainless steel (V2A) with an aluminum (Al) tip
Comes in two parts and plugs into each other with a screw connection
The aluminum tip has a length of 1.0 meters
The air-termination pole has a total length of 4.5 meters and weighs 9.9 kg

Product name/ Art.nr/ GTIN	ELIT OFM4500-2500SS/ 40150080/ 7070810018284
According to:	EN 62561-2
Length	4500 Millimetre
Diameter	42 - 16 Millimetre
Model	Interception rod tapered
Material	Stainless steel 304 (V2A)
Surface protection	Other
Connection	Round conductor
