

# ELIT LOFØ42mm-Ø42mm

Mast mount for Ø42mm in A2 angled for Ø42mm

Pipe mount for lightning arrester in stainless A2 steel for Ø42 mm with distance 150 mm

## Technical description

A pipe clamp for use on lightning arrester masts with a diameter of Ø42mm. The clamp is cross-connected, which allows it to attach a lightning arrester with a diameter of Ø42mm to a horizontal steel structure in a pipe with a diameter of Ø42mm.

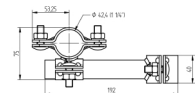

### Advantages:

Material: Stainless steel A2

Pipe clamp for mounting on steel structures

Fits interceptors/masts with dimension Ø42 mm

Length of spacer tube is 150 mm
