

ELIT TAK-FEST-V2A-Ø8MM

ELIT Roof tile fastener stainless steel (V2A)

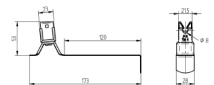

ELIT Roof tile fastener made of stainless steel (V2A) for conductor Ø8mm

Technical description

Roof tile holder according to DIN EN 62561-4 for tiled roofs with a length of 120 mm. Version with Niro-Clip conductor holder. Height of conductor guide: 34.5 mm. Suitable for conductors with Ø8 mm. The material of the base part is stainless steel (V2A), the material of the clip is stainless steel (V2A).

Advantages:

Roof tile holder according to DIN EN 62561-4 for tiled roofs with a length of 120 mm
Version with Niro-Clip conductor holder
Height of the conductor guide: 34.5 mm
Suitable for conductors with Ø8 mm

Product name/ Art.nr/ GTIN	ELIT TAK-FEST-V2A-Ø8MM/ 40170029/ 7070811203931
According to:	EN 62561-4
Mounting type conductor	With snap clamp
Suitable for diameter round conductor	8 - 8 Millimetre
Material of holder	Stainless steel 304 (V2A)
Mounting type holder	Other
Material of carrier	Stainless steel 304 (V2A)
Material base part	Stainless steel 304 (V2A)
