

Down conductor bracket for wall mounting of HVC-85 conductor

Technical description

HVC-85 conductor holder, made of stainless steel V2A, according to EN 62561-4 for attaching the HVC conductor to the wall. Drill hole Ø6.2 mm. Height of the conductor guide: 13 mm. Suitable for down conductors with a diameter of Ø 28 mm (HVC-85 conductor).

Advantages:

HVC-85 conductor holder, made of stainless steel, V2A
According to EN 62561-4
Drill hole Ø6.2 mm
Height of conductor guide: 13 mm

Product name/ Art.nr/ GTIN	ELIT NLF-VEGG-NLK-ALHV-HVC85/ 40170065/ 7070810024247
According to:	EN 62561-4
Type of connector	Connection terminal
Suitable for diameter round conductor	28 - 28 Millimetre
Mounting hole	6,2 Millimetre
Material	Stainless steel 304 (V2A)
Surface protection	Other
Type of fastening screws	KS screw
