

ELIT FKK-V2A-Ø8mm

Crimp clamp cross V2A Ø8mm

Cross terminal Ø8mm for rebate up to 8mm according to EN62561-1

Technical description

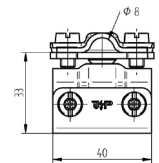

Cross clamp for Ø8mm conductor that can be laid either lengthwise or crosswise. The clamp has a secure attachment for rebated edges or steel construction up to a thickness of 8mm. Made of stainless steel A2 and complies with EN 62561-1. The clamp has four M6 screws with both star slot SZ2 and Torx TX25.

Advantages:

Easy and quick to attach

Leaders can be laid lengthwise or crosswise in the clamp

Made of A2 stainless steel for long durability

Product name/ Art.nr/ GTIN	ELIT FKK-V2A-Ø8mm/ 40180030/ 7070810031030
According to:	EN62561-1
Type of connector	T-/cross-/parallel connector
Diameter round conductor 1	8 - 8 Millimetre
Width flat conductor 2	0 - 8 Millimetre
Material	Stainless steel 304 (V2A)
Surface protection	Untreated
Type of fastening screws	Flat round screw
