

ELIT TTK-Ø6-10mm-A2

Connection terminal round conductor Ø6-10mm

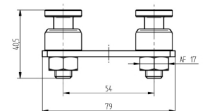

Connection terminal / KS-connector (double) in stainless steel for round conductors Ø6 - 10 mm

Technical description

Double connection terminal (KS-connector), w/M10 nuts, in stainless steel for round conductors with diameter Ø6 - 10 mm.
Manufactured according to EN 62561-1.

Advantages:

Double connection clamp made of stainless steel
Clamps two round conductors with Ø6 - 10 mm
Manufactured according to EN 62561-1

Product name/ Art.nr/ GTIN	ELIT TTK-Ø6-10mm-A2/ 40180036/ 7070810036868
According to:	EN 62561-1
Type of connector	Connection terminal
Suitable for diameter round conductor	6 - 10 Millimetre
Material	Stainless steel 304 (V2A)
Surface protection	Hot-dip galvanized
Type of fastening screws	Clamp screw
